# FABRICS & FINISHES

MSP® products offer an elegant and fine array of spa tub and linen sets, manufactured by our production facilities, allowing the spa owners to show their spa tub to reflect their taste or lifestyle. From entry level to the premium end, the process begins with the selection of a spa cover fabric, which determines the corresponding interior liner and other accessories. The materials shown on these pages. The results are impressively coordinated fresh that MSP® owners will be over to show off to guests.

## INNOVATION & EXPERIENCE

### Glamour by the spa retreat

InfSpa® has always been known to push the envelope. Our spas were among the first to combine the infatigable idea to the traditional spa products, and the first and only company that has infatigable jet spas in the industry. In the past eight years, we've invested more in our design and construction technology than any other spa manufacturer, and we have one of the largest spa patent portfolios in the global spa community. This forward thinking, cutting edge, sky's-the-limit approach ensure you get the best of the best spas, even when the rest of the world hasn't even heard of it, yet.
